Am prepared to make liberal advances to planters and merchants desirous of selling their corton through me next season at Yazoo City. The fact that I have handled a large amount of corton this season for my numerous friends at a considerable less cost than at the large centres, and at very satisfactory prices warrants me in saying I me save the shipper a whole lot of money over the old plan, giving them quick sales at full prices, and the use of their money early without that vexations item of Exchange, to get their money here. Give me your liberal patronsge and I'll help you to build up a mar-
